Message

We envision and endeavour to establish a knowledge-based and research oriented Institution with dedicated faculty and staff members to edify talented students. With the concrete base of human values, we strive to excel in education, research, innovation and management of technology. The Institute has always focused on making the students not only learn in the classroom but also apply the learning in practical life i.e. theoretical to Practical education.

We seek perfection and perseverance in all the challenges.

In order to be a literature of the 21st century one should be capable enough to learn, unlearn and relearn. Education should focus on developing life skills such as- creativity, critical thinking, communication and collaboration.

With its modernistic infrastructure, Central Children Academy is a centre where student's holistic & technical education multiple disciplines to become young leading citizens.

Mr. Ravi Jakhar, Director

It is said "If you are planning for a year, sow rice, if you are planning for a decade, plant trees, if you are planning for a lifetime, educate people". Indeed, one can even say that the quality of education will determine the destiny of the nation. We believe in holistic education.

Encompassing academics, co-curricular activities, sports education, life skill learning for your children We impart education that is based on conscience & we rear a breed of young minds that are bustling with self confidence, motivation & ever ready to take up challenges. The campus, sports & academic facilities all bear testimony to this effort. Teachers are trained & expected to

inspire confidence & trust in their students & become role models. Further the school inculcates in the students a respect for tradition & ensures discipline & good manners.

Mr Surendra Singh, Principal
